

ESTATE SERIES ISLAND GRILL

EE-30I/EE-36I

Everything you need is right at your fingertips, with plenty of room to move and space to accommodate ingredients, dishes, and of course your choice of libation.

Package includes Roll Dome, extension rack, heavy duty protective cover, side burner, and storage for up to a 20 lb propane tank. (LP model)

Our grill bodies, cooking grates, burners, radiants, water pans, fasteners, pilot tubes are all 304 series stainless steel for durability and ease of cleaning. Compared to units made of metal or 430 stainless steel, our units are built to last.

15,000 BTUH stainless steel burners are placed every 5.75" to ensure the most even heat pattern possible. These units heat up to cooking temperature within 5 minutes. Our stainless steel burners and cooking grates carry a lifetime warranty, respectively.

The EE-36I is available as either liquid propane (LP) or natural gas (NG). All LP models include a two stage regulator and hose that accommodates a standard 20 lb. propane tank. All NG models come with a single gas connection and a 10' quick disconnect hose.
